

VR5 Application Setup

Introduction

This document explains how to install the VR5 application, create a profile and use that profile to authenticate to applications federated with PureAuth identity platform.

Prerequisites

The organization and the user must be onboarded to the PureAuth platform using the PureAuth CLI tool or Xtractor using the organization's private key to sign the user information.

Installation of VR5

Android:

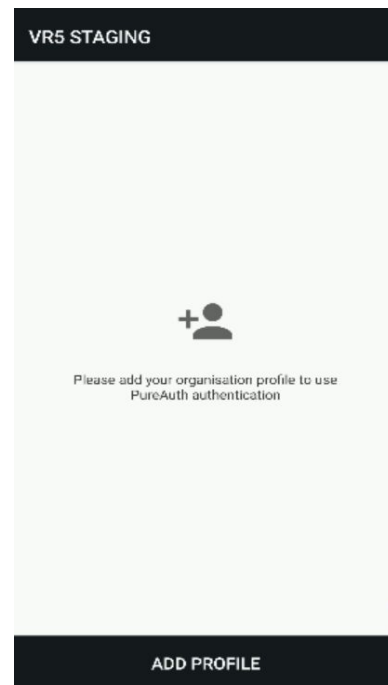

- Download the apk file from <https://drive.google.com/file/d/1xg1XppjQKHvY7TDqVhLE4dHzwIMf6ZT9/view?usp=sharing>
- Click on the downloaded apk file to install the application.

IOS:

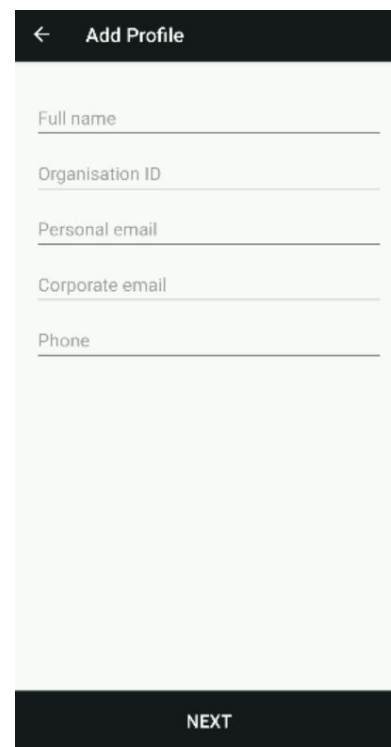

- Install Test Flight app From App Store
- Use the following link to download VR5 - <https://testflight.apple.com/join/DbrCtQha>
- You will be redirected to Test Flight, Accept the invitation
- Click on Install.

Creating a VR5 Profile

- Open the VR5 application
- Click on the Add Profile button.

- Enter your details
 - **Full Name**
 - **Organisation ID**
 - **Personal Email**
 - **Corporate Email**
 - **Phone Number**

A screenshot of the 'Add Profile' form in the VR5 application. The form has a dark header with a back arrow and the text 'Add Profile'. Below the header, there are five input fields with labels: 'Full name', 'Organisation ID', 'Personal email', 'Corporate email', and 'Phone'. At the bottom, there is a dark footer with the text 'NEXT'.

- **The details must be the exact same details that were used to onboard the user. (All fields are case sensitive)**

- If the details are correct, you will see a **profile verification screen**.
- Enter the On Screen code in the first field (Here, it is: **T8DQS76RQWLP**)
- The **SMS code** will be sent to your **phone number** given in the step before. [For POC and demo purposes the SMS code will be sent to your personal Email address]
- The **Email code** will be sent to your **personal email** given in the step before.
- After entering the correct codes, you will be asked to name your profile and set a pin.
- Enter any name and set a 4 digit pin.
- Please remember the pin as it will be needed during authentication.
- Your profile is now created!

← Profile Verification

Please enter the on-screen code as well as the codes sent to your email and phone number registered for this profile

On-screen code

SMS code

Email code

VERIFY

Using VR5 for passwordless authentication

- Initiate the login process from the application you want to login to. (E.g. **Gmail**)
- You will be taken to the PureAuth page which will have a QR code.
- Open your **VR5** application.
- Select **Swift login**
- Select **Scan QR code**
- Give camera permissions to the application if asked and scan the QR shown on the screen.
- You will be asked to enter the profile Pin set during the Profile creation process.
- Enter the profile Pin.
- You are now logged in!
